Dependable & Easy to Service

Dependability is a proven feature of each new system. The Lifetime Performance Guarantee is your assurance of dependable, problem-free performance.

Easy to Recycle Durable, Recyclable Refills

Constructed of rugged PET material, the SMART-FLEX™ bottles are crystal clear and use **30% less** material than rigid HDPE bottles.

Easy Recyclability

Just remove the pump in a single step. The rest of the refill recycles easily.

Bold Advantages

The attractive new Royal Touch Free Dispensing System and Royal Manual Dispensing System offer smart customer advantages such as durability, ease of servicing and enhanced sustainability features. The large windows, clear refill bottles and bright, bold soap colors allow at-a-glance monitoring of content levels. Use with confidence – both of these systems are backed by a Lifetime Performance Guarantee.

Smart, Maintenance-Free Electronics

The talented engineering built into the Royal Touch Free Dispensing System results in optimal energy use – and no battery changes in most installations. Batteries are included and pre-installed for easy maintenance.

Foam Soaps with Sensory Appeal

These foam soap formulations are appealing to the eye, soothing to the touch and nourishing to the skin. Moisturizers, natural extracts and skin conditioners were added for an inviting handwashing experience. The portfolio offers aromatic botanical scents as well as fragrance-free, dye-free and green certified formulations.

Contamination-Free Product

Bulk soaps can become contaminated by bacteria from the environment. Our refills are SANITARY SEALED™ at the factory to cut contamination risk.

Lasting Aesthetic Appeal

With patent pending Controlled Collapse technology, our refill bottles are engineered keep their shape and appearance, and continue to look serviced even as they empty.

Size Options

Choose from the 1200 mL and 1250 mL systems for high-volume needs, or the compact 700 mL dispensers when space is tight. All sizes are fully ADA compliant.

Easy Maintenance

The expanded view and clear refill bottles make it easy to know when to change the refill.
