To whom it may concern:

We have been using Royal Papers as our main janitorial supplier since 2006. We have been very happy with their customer service and on time delivery.

They are knowledgeable in the healthcare industry. Keeping us informed and up to date on new technology and cleaning products related to healthcare. Royal offers many product lines. Allowing us to use what best fits our situation.

We have many resources, from the nice lady that always greets us when we call, to our sales person, and the driver that also knows our account! We also have an equipment specialist that stops by anytime we need training or when we want to try new equipment.

It's nice to have a company that you can depend on. It allows us to focus on our business and do what we do best. We appreciate the great service and would highly recommend Royal Papers.

Sincerely,
