Tyler,

I want to say thanks to you and the staff at Royal!! I certainly appreciate the first-class service you provide for the Hallsville School District. It doesn't matter whether it is a regular weekly order, assistance with making a product change, securing parts for our equipment, or an emergency special need the service is always the same---with a smile, friendship and professionalism!

The online ordering is such a time saver for me. The web page brings up the regular specific list of items our District normally uses and allows me to quickly place the order. I also have easy access to all products carried by Royal through a simple search engine. The best part of ordering is that I can place the order on Friday and it is delivered on Monday!! The custodial staff does not have to guess about supplies needed but can simply let me know what needs to be restored to their inventory.

A big THANK YOU to you and JT for all you do to make my life easier and for all the times you have serviced our needs in a very timely manner. You all are certainly appreciated in Hallsville!!
