

Dear Paul,

Congratulations on your success! You and Royal Papers continue to be the best in the Janitorial Supply business. We would not be where we are today without your help.

Please let me take this opportunity to thank you for all that the Royal Papers family has done for The King's. Your products are top quality, your service is "same day" and second to none, and your willingness to help our staff out in the field, or in our training room, is evidence of your desire to help us succeed as well. That is the essence of service!

Thank you again for being a shining example of how to help others grow while maintaining a successful, and profitable, business.

Thank you again from our entire team.

Sincerely and Gratefully Yours,

Paul D. Cagle
